Postmaster Installed — Narvie Caperton is administered the oath of office as acting postmaster of the Cameron

Post Office by Regional Director Debs Hensley during ceremonies Monday.

## Narvie Caperton Assumes Camerons Postmaster's Duty

By Lois Sapp

Narvie L. Caperton was installed Acting Postmaster of the Cameron Post Office in a public ceremony 11 a.m. Monday, Jan. 4, at the Methodist Fellowship Hall.

Debs Hensley, Director of the Personnel Division of the Post Office Department Regional office with headquarters in Dallas, administered the oath of office. Hensley is a native of Milam County and serves Texas and Louisiana as Personnel Director.

The new postmaster assumed his new duties following the ceremonies and succeeds John Hays who retired in October. Hays had served as Cameron Postmaster for 30 years.

A large crowd of post office heads and area citizens attended the ceremony and were then guests at the noon luncheon of the Cameron Lions Club.

Three postal inspectors were in attendance: R. H. Irvine of Austin, A. W. Huser and Travis Brighton, both of Waco.

Postmasters attending the ceremonies were Mrs. Opal Robinson of Temple, Postmaster and Mrs. Lester Hay Jr. of Marlin, Everett Bieders Sr. of Rosebud, Postmaster and Mrs. Vaughn Thweatt of Maysfield, Sam Peebles of Rockdale and Marvin Hendrick of Thornedale.

Also, Postmasters Garland Shelly of Rogers, Elvan Zajcek of Buckholts, Mrs. Bernice Longmire of Minerva and S. B. Morris of Temple. Former postmaster and Mrs. Clyde Franklin of Rockdale were also among the out-of-town guests attending.

### LONG-TIME RESIDENT

Caperton has just returned to Cameron after serving as assistant

to Congressman W. R. Poage in Washington for about two years. Upon returning he said, "It is just good to be back home."

When he was appointed as assistant to Cong. Poage he took a leave of absence from his position with the Cameron Post Office. He had served as rural carrier in Cameron for 17 years.

Along with his postal duties, he owned and operated the Caperton Variety Store for 25 years. A native of Temple, he has lived in Cameron 43 years. He married the former Media Beth "Duffie" Humble in 1929 and they have one daughter, Mrs. Betsy Logan of Houston. They have three grandchildren.

The new postmaster has been very active in civic and church affairs in Cameron. He has served as president and in various offices in the Cameron Chamber of Commerce. In 1962 he was named

### City Poll Taxes

### Lagging, Deadline

### Set For Jan. 31

City Secretary Buddy Fuller said Wednesday that poll taxes are lagging behind last year with only 176 sold to date. Last year 236 poll taxes had been paid.

Deadline for paying poll taxes is January 31. A voter must pay his city poll taxes and also his county poll taxes in order to be able to vote in the city election.

Three council positions will be up for election this spring. They are the posts held by E. L. Wied, Starrett Hickman and Jimmy Marek.

## Resident Notes 118th Birthday

By Lois Sapp

Milam County's oldest known citizen, Mrs. Reyes Huerta, celebrated her 118th birthday Wednesday, Jan. 6, at her daughter's home in Cameron.

Many well wishers were eagerly greeted as they came to see her throughout the day bringing her gifts and congratulations. Others who could not visit sent cards to the residence.

Her daughter, Mrs. Jesse Ramairaz, made her mother the traditional birthday cake for the occasion. However, only a few of her 7 grandchildren, 23 great grandchildren and 24 great, great grandchildren were able to attend the 3 p.m. party.

On her 118th birthday, Mrs. Huerta walked from her bedroom to the front room to greet this Herald visitor. She sat on a small stool as her daughter, who will celebrate her 73rd birthday this month also, spoke in behalf of her mother.

Mrs. Huerta, who was born in Mexico on a small ranch Jan. 6, 1847, has never learned the English language but through her daughter was able to say "Thank

you very much" for her birthday congratulations.

Mrs. Ramairaz admits that her mother now has good and bad days but is still able to keep her body in motion and eat any type of soft food.

Her secret of youth has always been cold baths and she still cannot stand any type of warm water, whether it is summer or winter.

Being the daughter of a full-blooded Indian father and Spanish mother may be the factor that contributes to her long livelihood. Although her body is small and frail, she can still hear, see, and talk well. She also still has a wonderful sense of humor.

She is the mother of five children, four of them died in Mexico. Mrs. Ramairaz was born when Mrs. Huerta was in her late 40s and at 72 Mrs. Ramairaz still looks the picture of health.

Coming to San Marcos in 1910, Mrs. Huerta and her husband moved to Cameron in 1913.

Through the years she has continued to be a highly religious person and attends the St. Sacramento Catholic Church whenever possible.

"Outstanding Citizen" and received the McCullin Civic award. He is also a member of the Lions Club having served as president, zone chairman and district governor. Caperton has also been an active supporter of the Boy Scouts and the Girl Scouts.

One of his major contributions to the City of Cameron was his work with a group of citizens who wrote the City Charter.

The Caperton family is active in the First Baptist Church.

## Panel To Answer School Questions

Cameron citizens will have an opportunity to have their questions, concerning the Cameron Independent School District, answered by a panel of School Board members at the Parent-Teachers Association meeting at 7:30 p.m. January 7. The meeting will be held at the Ben Milam Cafeteria.

Question boxes have been placed at Safeway, Mondrik's Minimax and Matula's Supermarket. Questions may be submitted by placing them in the boxes. Officials said the questions should be signed, but that the name will not be used.

### Farmers Union To Study Farm Prices, Legislation Tues.

Milam County Farmers Union will meet Tuesday, Jan. 12, at the Buckholts School to study the farm price situation, according to Charles Hensley. The meeting will begin at 7:30 p.m.

Members and guests will hear a report from ten Milam and Falls County farmers who recently discussed the farm price situation and proposed farm legislation with U.S. Rep. W. R. Poage of Waco.

Plans will be discussed for protesting the recently announced cut in cotton price supports of an additional \$5 per bale for 1965. Hensley said. Cotton price support cuts for 1964 and 1965 amount to approximately \$17 per bale which represents a loss to Milam County cotton farmers of about \$285,000 a year, Hensley added.

### Young Farmers To Hear A. A. Melton

### At Jan. 12 Meeting

Milam County Young Farmers will hold a Livestock and Forage meeting at 7:30 p.m. Tuesday, Jan. 12, in the Vocational Agricultural Building in Cameron.

A. A. Melton will be guest speaker. He is associate animal husbandman at the Livestock and Forage Research Center at McGregor.

"We feel this program will interest all cattlemen and people in any type of livestock or forage production," said Clifford Angell.

Johnny Andres, County Auditor, also renewed his oath of office. He is serving an appointed term.

### Eaton, Lokos Appeals

### Being Reviewed By

### Ala. Supreme Court

Sheriff Carl Black has been notified that the Alabama Supreme Court is now reviewing the papers of Gerald Eaton, 27, of Buckholts and John Lokos, 26, of Minnesota, two of four men who received the death sentence for the murder of an Alabama man in December 1963.

Sumpter County Sheriff Ray Stevens said it is possible that the higher court would take eight or nine months before a decision on the appeal would be reached. Each appeal contains about 930 pages, Stevens reported.

Eaton and Lokos, along with Harold Leon Edwards, 20, of Randall, Okla., and Clarence Cecil Coon, 24, of College City, Calif., have been in death cells in an Alabama prison since being found guilty by a Sumpter County jury last February. The four men were captured near Buckholts in December 1963.

### Remodeling Up, Construction Of New Homes Drop

Cameron building through the 1964 year saw twelve new homes erected, a new grocery concern, hospital convent and 30 expansions constructed for a total in building permits of \$215,236.00.

Building permits issued during the year were some \$52,624 lower than the previous year when building totaled \$267,910.00.

According to city hall figures there were twelve new homes constructed at a cost of \$108,000. Last year twenty one new homes were built for a total of \$178,375 which accounts for the drop in building figures.

Building of new businesses totaled higher than last year with a figure of \$76,450 compared to \$65,000 in 1963.

There were twenty-nine additions and expansions during 1964 which totaled \$30,836. Remodeled homes in 1963 totaled \$16,185 and remodeled stores \$8,350 for a total of \$24,535. Increase in remodeling totals \$6,301 for 1964.

Total increase in new businesses and expansions total \$18,751 over the 1963 year.

One of the major additions to the city of Cameron that will be completed in 1965 is the building of a new convent at St. Edward Hospital.

Construction of the convent which will house the Sisters who operate the hospital, got underway this week by the Matula Construction Company.

### Poll Taxes Lagging, New Vehicle License

### Go On Sale Feb. 1

Milam County tax percentage collections are running along with previous years but poll taxes are lagging, Tax Assessor-Collector Valter White said Tuesday.

Only 600 poll taxes have been paid compared to the usual 3,000 by this time of year. He added that Rockdale and Thorndale will not report in until January 31.

Deadline for paying poll taxes and current taxes is January 31.

New car licenses for 1965 were received in the courthouse Tuesday and will go on sale February 1. The new plates have three letters and three numbers, White noted.

"All folks must have their car titles and last year's registration slips in order to obtain a license," he added.

### Court Of Criminal

### Appeals Sets Cook

### Hearing Jan. 20

The appeal of the Oscar Cook murder case will be heard by the Court of Criminal Appeals in Austin on Wednesday, January 20, the Milam County attorney's office has been notified.

County Attorney of Falls County, Tom Bartlett, and Milam County Attorney John Henderson Jr., will go to Austin and participate in the oral arguments to the Court in connection with the hearing on Cook's appeal from his death penalty conviction.

Cook, 25, of Rogers was given the death sentence by a Falls County jury in connection with the murder of his mother-in-law, Mrs. Dan Crow.

### Second Session

The Milam County Grand Jury, for the November 1964 term, met in a recalled session Thursday, Dec. 31, and returned five indictments, according to County Attorney John B. Henderson Jr.

Indictments were returned against four Austin men: Vernon Grellia, charged with two cases of burglary on Oct. 29, 1964; Billy Joe Turner, on two cases of burglary on Oct. 29, 1964; Gayle Chandler, with two cases of burglary on Oct. 29, 1964; and John B. Locke, two cases of burglary on Oct. 29, 1964. A felony theft indictment was also returned against Jess Alford of Rockdale which occurred Dec. 20, 1964.

### Injuries Light

## HeadOnCollision Totals 3 Vehicles

Three persons escaped serious injuries in a head-on collision at 2 p.m. last Wednesday on U.S. 77 about 14 miles north of Cameron in which three vehicles were totally demolished.

Miss Jelene Wied, daughter of Mr. and Mrs. Erwin (Bubba) Wied, was driving a 1959 Cadillac belonging to Guy Chandler of Maysfield. It was reported that while rounding a large curve south of Rosebud, the Cadillac moved across the center line while Miss Wied attempted to adjust a vent.

A 1949 pickup, towing a jeep, rounded the curve traveling north. Driver of the pickup, W. J. Cooper, a Dallas Fire Department member, apparently saw the Cadillac sway to his lane and turned to the left lane to avoid a collision.

At the same time Miss Wied swung back into her own lane and the vehicles collided head-on. The front of the Chandler vehicle was

rammed in and the pickup and jeep overturned in the left ditch.

Miss Wied and her companion, Miss Nancy Foster, also of Cameron, had been visiting in Rosebud and were returning to Cameron when the accident occurred.

All three persons were taken to a Rosebud hospital by Hoelscher Funeral Home ambulance. Cooper was treated for minor cuts and released. Miss Wied received deep head lacerations and a concussion. She was released Thursday and is recuperating at her home in Cameron. Miss Foster, daughter of Mr. and Mrs. Bob Foster, escaped injuries.

Investigating officer was Highway Patrolman Ernest K. Reynolds.

The Wied family reported that Miss Wied, a freshman student at Texas Tech, will return to school as soon as she is released by local physicians.

### SMALL MOTOR CONVENIENT

If you own an outboard motor sufficiently portable to carry in the trunk of your car, it will pay you to take it along on vacation. It will cost you \$5 to \$15 per day to rent a fishing motor. Some places won't rent motors at any price.

Boats, on the other hand, are plentiful and normally rent for \$2 to \$5 per day. So, take along your motor.

## Ext. Economist Says '65 Farm Outlook Generally Unchanged

COLLEGE STATION -- The overall agricultural outlook for 1965 takes on a complexion pointing to an increase in demand as well as an increase in supply of farm products. Farm prices and incomes, however, are expected to remain relatively stable.

Markets for farm products on the home front will continue to expand due to economic growth, rising consumer incomes and population growth, reports John McHaney, Extension economist, Texas A&M University.

Looking to the foreign market, agricultural exports in fiscal 1964-65 are anticipated to continue at a high level, though somewhat below the record-setting total of \$6.1 billion last year. This total was 20 percent above the previous two years.

Producers of agricultural commodities, however, will still be confronted with large supplies of farm and ranch products, says the economist. Both livestock and crop production are expected to increase slightly, while carryover stocks remain large, particularly for grains and cotton.

With the large supply of farm products, little hope prevails for an increase in average prices received by farmers. While little change is foreseen in livestock product prices, crop prices will probably be slightly lower in 1965.

McHaney estimates the total gross income realized by all farmers and ranchers will maintain the

level of the past two years. This income includes cash receipts, government payments and non-money income. Furthermore, only small increases in production expenses are in prospect as compared with increases in recent years.

Farm assets during 1964 are anticipated to increase more than three percent, due mainly to rising land values. Farmers' debts, though, continue to rise, says McHaney, and there will be a greater need for farm credit for acquiring land and capital goods in the coming year.

For the U.S. as a whole, farmers' liabilities are likely to increase to about 16.4 cents per dollar of total assets on Jan. 1. This compares with a rate of 15.7 cents a year earlier and 9.5 cents in 1960.

### OUTDOOR TIPS

#### SAFETY IN SHOES

Leather-soled shoes slip very  
easily on boat decks, wet rocks  
and pine needles and leaves that  
fall on forest floors.  
Outfit everyone on your camp-  
ing cruise with a good pair of  
rubber-soled boat shoes.

#### HELPING BUILDS INTEREST

To hold junior's interest on a  
cruise, make him an active partici-  
pant.

Assign him specific navigational  
and household duties, such as spot-  
ting buoys (especially good if he  
can use binoculars), putting out  
fenders and securing dock lines.  
Keep him busy and he'll enjoy  
himself more. And so will you!

#### SIMPLE FIRE RIG

One of the fastest and simplest  
fire rigs for cooking outdoors can  
be made by driving three or four  
steel pegs into the ground in a  
perimeter the size of the pan you  
intend to use.  
Build a small fire underneath  
the pan, and you're in business.

#### AIR MATTRESS HANDY

On small boats the soft spot  
for sleeping is atop an air mattress.  
It offers considerable comfort. Fur-  
thermore, when deflated and rolled  
up, it doesn't require much storage  
space.

Before leaving on a cruise, check  
the mattress for leaks. There's  
nothing more disgusting than a  
mattress that runs out of air in  
the middle of the night.

#### PHOTOS HELP POLICE

If you haven't a recent photo-  
graph of your outboard rig, better  
have one taken.

In the event your boat and motor  
are stolen, you'll have something  
to show police that will help them  
considerably in tracking down  
your rig.

# Cameron-Caldwell, District Opener

Coch Andy Springer's Yoe basketball team will host the Caldwell Hornets in their 17-AA District opener Monday, Jan. 11, at Yoe gymnasium. B-team action will get underway at 6:30 p.m. followed by the varsity game.

The Yoemen now boast a four win, five loss record and have one game remaining before the district contest gets underway. (see related story)

A large crowd is expected to see the Yoemen's second home game and district opener. Booster Club members will attend the Monday night game which will constitute the regular meeting of the organization.

The contest is expected to be a thriller with evidence that both teams are closely matched in scoring and playing ability.

Coch Springer said Caldwell has beaten Smithville by ten points and the Yoemen defeated the same

team by six points.

"They have a great height advantage with 3 or 4 boys over 6'2", but they don't have as much experience as they did last year," Springer said.

Last year the Hornets finished second in district play.

The Yoemen tied for third place in district play last year and have been showing vast improvement this season. Their record has started upward in the past several games to bring it to the 4-5 tally.

Two of the Yoe players have shown vast improvement and added strength to the Yoemen five.

"Judson Smith, 6' guard, has been showing the most improvement and has become our best rebounder," Springer said. He was high point man in the Midway game scoring 22 points and has come a long way since the first of the season.

Another player showing much improvement is James Vogelsang. A low post man, his shooting and rebounding have been his greatest improvements.

Probably the best ball handler on the Yoe squad is guard Dicky Ponder. One of the shortest men on the starting lineup at 5'10" Ponder is a good shot and an outstanding defense man. Another outstanding defense man is Mack McKinney, 6'2" Yoeman, who plays the high post.

Steve Smith, brother to Judson Smith, plays the other guard position and stands at 5'9". These 5 boys will round out the starting lineup against Caldwell Monday night.

## Perrin Sought By Seven Texas, Okla. Universities

Halfback Mike Perrin, Yoe High School senior, has received football scholarship offers from seven area universities, according to Coach George Kirk.

Kirk said Perrin is expected to sign a pre-enrollment blank in about a month with one of the schools offering the scholarships.

Perrin, who was recently named to the All Cen-Tex team for his team leadership and individual performance, has received offers from the University of Texas, Baylor University, Texas Christian University, Rice University, A&M University, Tulsa University and Southern Methodist University.

## Astrodome Stadium Opening Set, Tickets On Sale

The Houston Astros are now accepting mail orders for tickets to the special pre-season weekend series opening the fabulous Astrodome Stadium on April 9, 10 and 11, against the New York Yankees and Baltimore Orioles, and the National League opening game against the Philadelphia Phillies on April 12, it was announced by Astro ticket manager, Dick McDowell.

Fans may order tickets by sending check or money order to Tickets, Houston Astros, Box 1691, Houston, Texas. Box seats are \$3.50 and reserved seats are \$2.50, the same prices as last year, and fans ordering by mail should enclose 25 cents per order for mailing and handling.

Tickets for the Astros' five game "out-of-this-world" series with the Yankees and Orioles will originally be sold on a strip basis with a ticket to each of the five games included in each strip. A strip of box seat tickets sells for \$17.50 and reserved seat strips are \$12.50. The opening Monday night game, April 12, will be sold on a single game basis.

"Most of the mail we have al-

ready received indicates that most fans want to see each of the six games as one big baseball weekend," said McDowell. "We felt it would be best to first take care of those fans who wished to see all of the games, therefore we came up with the strip tickets similar to the type that are sold for World Series games."

The Astros launch the Astrodome against the Yankees Friday night, April 9, at 7:30 p.m. Two games are scheduled for Saturday, April 10, one game against the Orioles at 1:30 p.m. and a night game with the Yankees at 7:30 p.m. Sunday, April 11, will conclude the special series when the Astros meet the Yanks at 1:30 p.m. and the Orioles at 7:30 p.m. Tickets will go on sale over the counter in February.

## Yoe Team Shows Big Improvement

The Cameron Yoemen will play their last non-district basketball game Friday when they invade Taylor to play the Ducks. B-team action is to begin at 6:30 p.m. followed by the A-team game at 7:30 p.m.

On the same night the Freshman team will play in the Belton tournament. They will meet the Natl. Junior High team of Killeen at 7:45 p.m. in their first game of the 2-day tourney.

**YOE-MIDWAY**

In the last varsity game the Yoemen defeated Midway 47-42 in a round ball thriller, and sought revenge after the 70-55 defeat earlier in the season.

Judson Smith was high point man with 22 points. Mack McKinney scored 12 of the 47 points.

High point man for Midway was Rose with 16 points.

The Yoemen got off to a slow start trailing 8-15 in the first quarter.

WHAT MAKES YOU THINK WE'RE OFF COURSE?

## THEN and NOW COFFEE BREWING

Ever since coffee was first reported in Arabia more than 1,000 years ago, the search for the best way to brew it has gone on. For hundreds of years it was simply boiled, with bitter results. Then, in 1800, the first percolator was invented, by the Frenchman De Belloy. This was really the first "drip" pot, and it simply filtered boiling water through ground coffee.

Another Frenchman, Durant, put the "perk" in percolator 27 years later when he patented a device with an inner tube to raise the boiling water and spray it repeatedly over the coffee. However, it was not until 1876 that America took a percolator to its heart. It was the pumping percolator brought out by New Englander John Bowman.

The latest in the long line of boil, perk, drip, vacuum, filter and steep coffee makers is the new Insta-Brewer. Using a unique pressure-plunger method, it makes superb coffee in less than a minute using the regular grind of your favorite brand. All you do is use one coffee measure per cup, add boiling water, brew for 30 seconds to 1½ minutes, then push the plunger to the bottom. The brewing action is cut off, and coffee is ready to serve.

# \$168 Million New Telephone Construction for Texas in 1965

*Continuing improvements in telephone system will make your service even more dependable and valuable*

Telephone service in Texas ranks with the world's best. It always has. Even so, in 1965 Southwestern Bell will spend another \$168 million to make it better still. This construction program is the biggest in history. It is necessary to provide for the growing telephone needs of Texas.

But it's more than that.

It also is an intensified effort to make even better the service you already have, whether you live in a big city, a small town, or on a farm or ranch.

Our objective is to make your telephone service more useful, dependable, convenient and valuable than ever before.

Texans will also benefit economically from this telephone construction program. Because hundreds of individual projects reach into virtually every community served by Southwestern Bell, the economic impact will be significant and widespread.

New jobs will be created. We expect to add 500 new telephone jobs in Texas in 1965 — bringing to 25,000 the number of people on our payroll in Texas.

But more important will be the economic boost for the hundreds of Texas firms which sell supplies, services and materials to the telephone company.

## Here are some of the things we'll do in 1965 to make your telephone service better

### NEW STORMPROOFING

In 1965, we'll put more than 500 additional miles of telephone cable underground, because that's the safest place for it. Safe from wind, rain, hot weather, cold weather, stormy weather. This will add to the dependability of your long distance service.

### DDD IMPROVEMENTS

For those customers who have Direct Distance Dialing, service will be faster and easier than ever before. Complex new testing and trouble-reporting equipment is being built into the system to help maintain the quality of transmission and quickly trace and remedy problems that might affect your service.

### NEW BUILDINGS, WORK CENTERS

Southwestern Bell will erect 15 new buildings in Texas in 1965. The largest will be the new \$13 million South Texas headquarters building in Houston. Other new telephone buildings will be erected in Amarillo, Midland, Dallas (two buildings), San Antonio, Beaumont, Rosenberg, Cleveland, Waco, Pasadena, and a three-building complex in northwest Houston.

Additions are planned for telephone buildings at Fort Worth, Dallas, Amarillo, Forney, Monahans and Houston.

Also, 16 new installation, repair and construction centers will be built across the state.

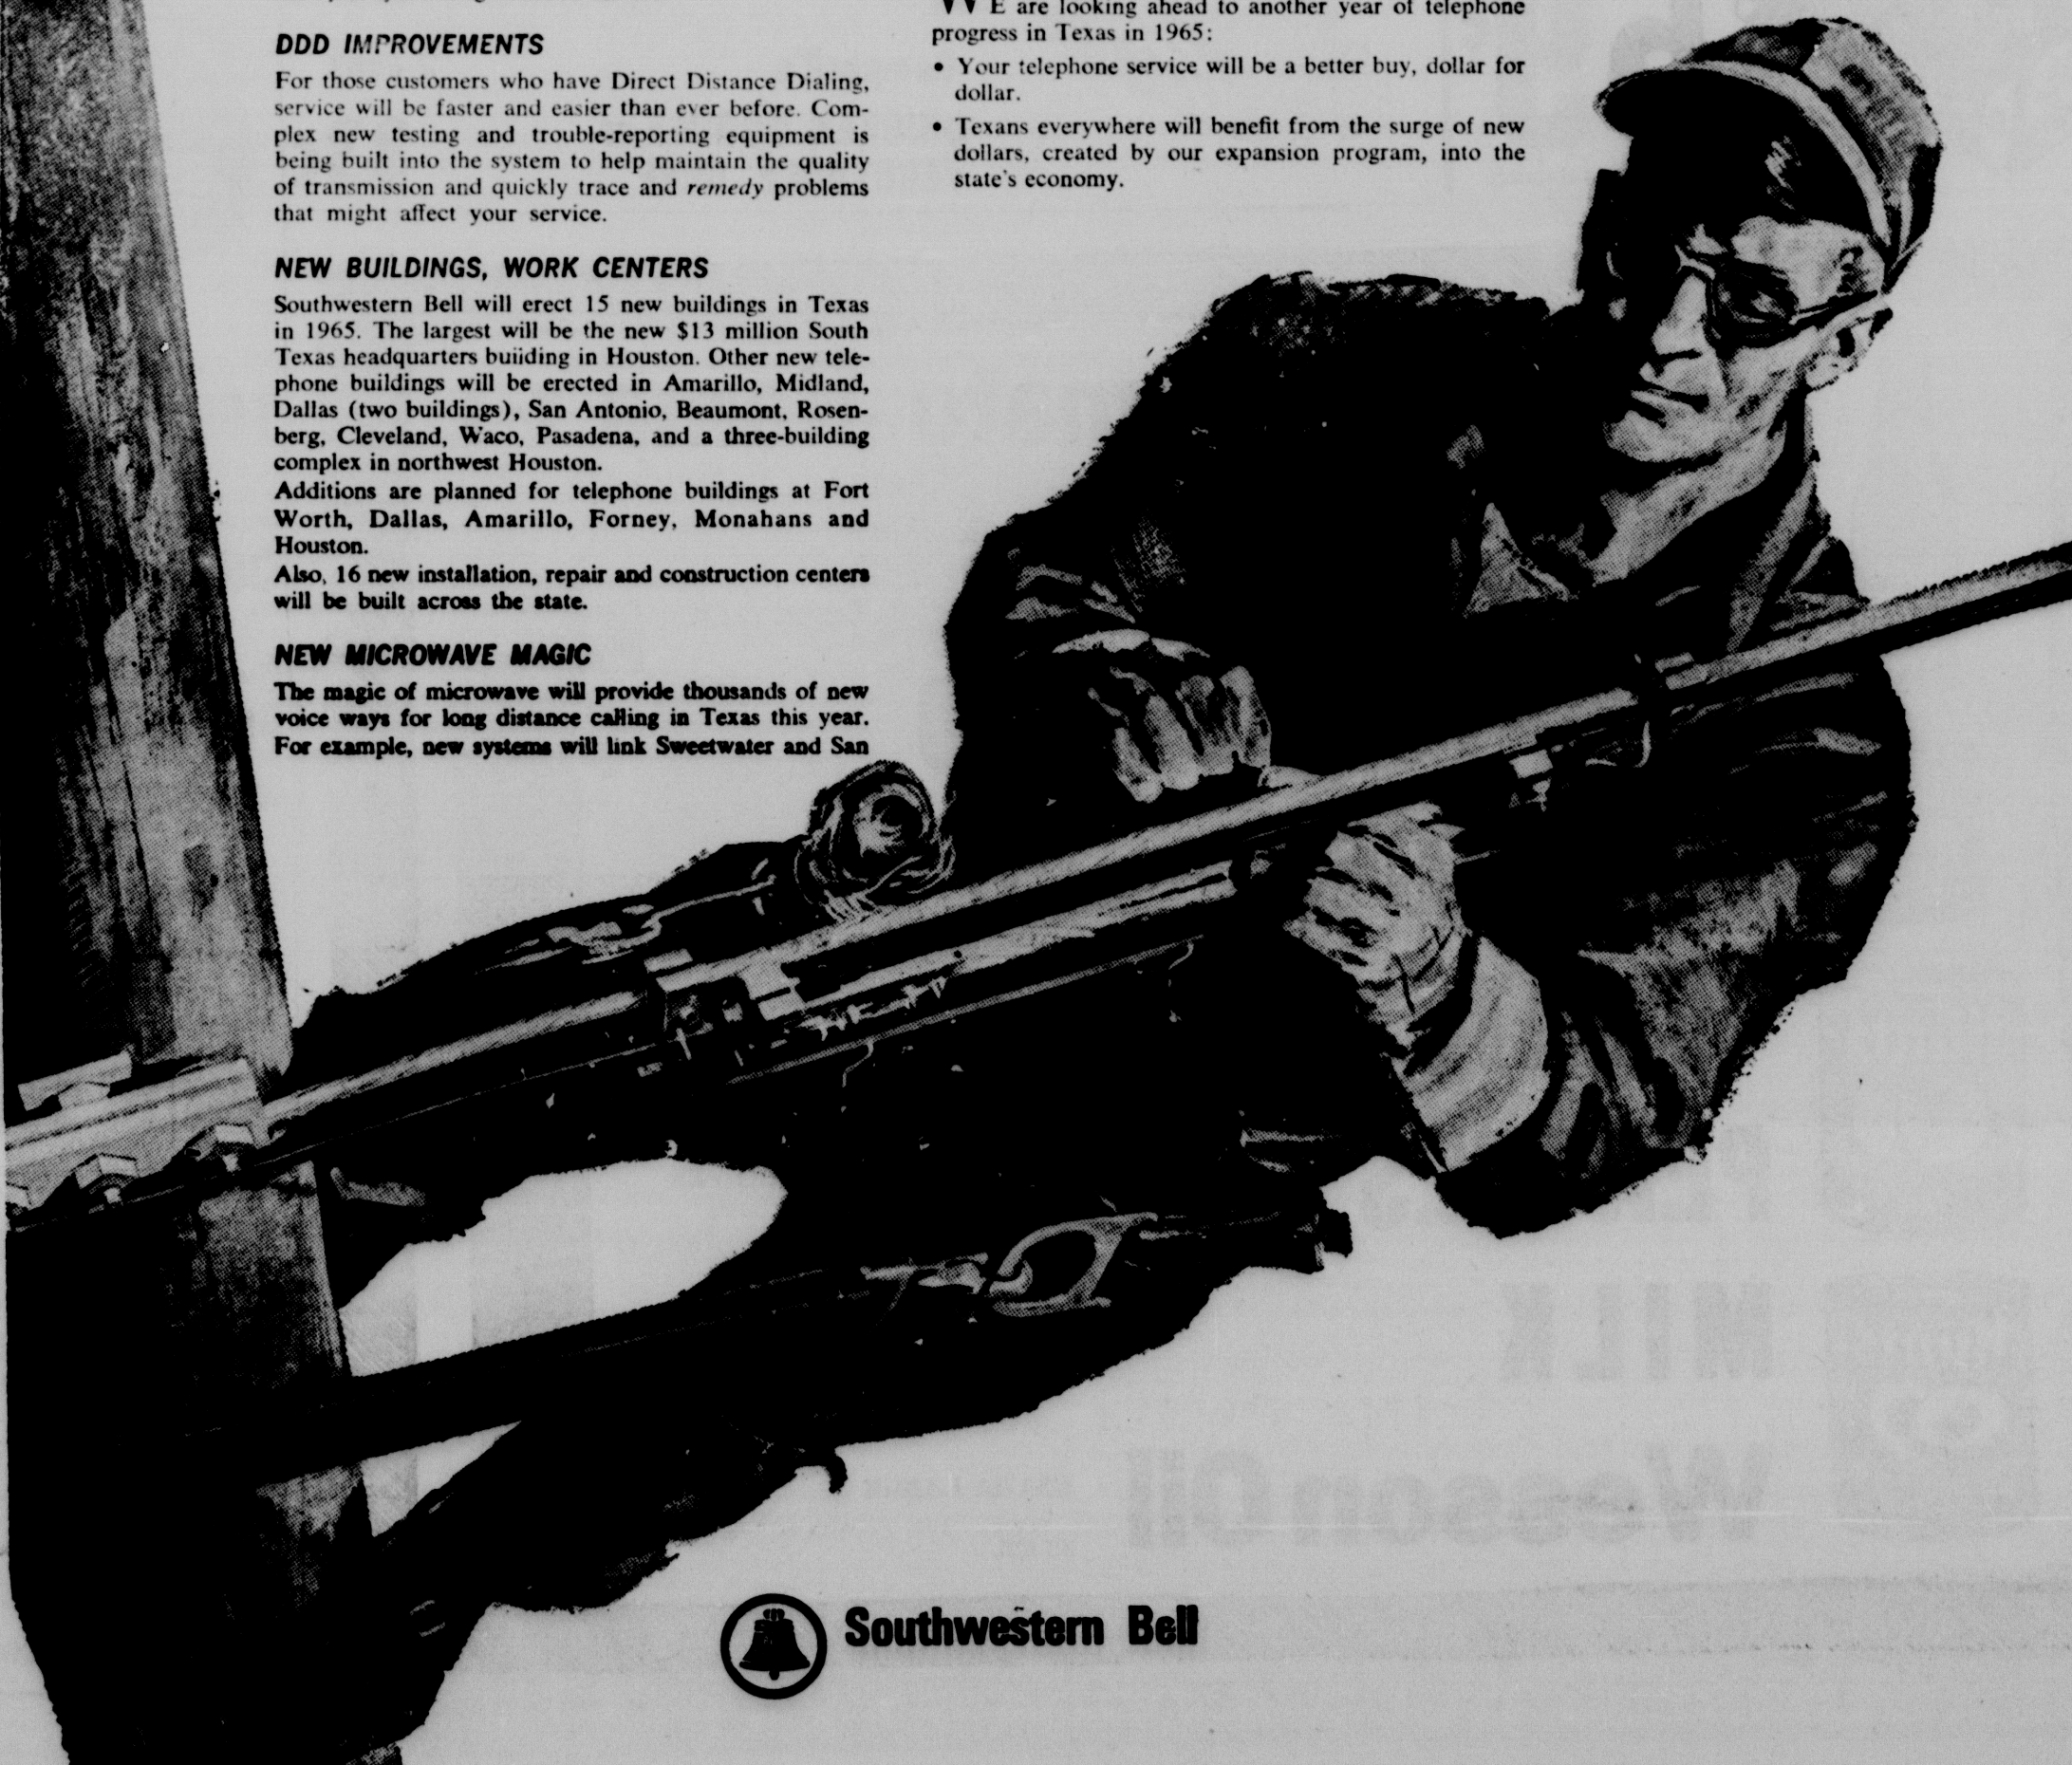

### NEW MICROWAVE MAGIC

The magic of microwave will provide thousands of new voice ways for long distance calling in Texas this year. For example, new systems will link Sweetwater and San

Angelo, Fort Worth and Waco, Houston and Beaumont. Via a network of such microwave antenna towers and transmitting stations, your phone calls are relayed from point to point with the speed of light.

**WE** are looking ahead to another year of telephone progress in Texas in 1965:

- Your telephone service will be a better buy, dollar for dollar.
- Texans everywhere will benefit from the surge of new dollars, created by our expansion program, into the state's economy.

Southwestern Bell

## Pre-Wedding Parties Fleur-de-lis Club Honor Miss Laffere To Meet Tuesday

Miss Lanette Laffere was honored at two showers last week before her wedding to Mr. William C. Peters at the First Methodist Church Sunday evening.

A miscellaneous shower honored Miss Laffere Friday evening, December 18, at the First Methodist Church Fellowship Hall. The refreshment table, centered with an arrangement of gold mums, was covered with a white satin cloth and white band with "Lanette and Bill" inscribed in gold.

Hostesses were Mrs. Billy Ray Reddehase, Mrs. Henry Reddehase Jr., Mrs. Edmond Pimpler, Mrs. Larry Fuller, Mrs. Herman Barkemeyer, Mrs. Chester Broyles, Mrs. Fred Reddehase, and Mrs. Dennis Klein.

Miss Suzanne Lippman entertained with a pottery shower at the Lippman home Wednesday afternoon, December 23, honoring Miss Laffere.

Decorations of white and gold, chosen colors of the bride-elect, were used in the living and dining rooms. Mrs. Henry Lippman, mother of the hostess, assisted in serving the refreshments.

Mrs. Jack Lawhorn of Temple will present the Fleur-de-lis Garden Club program on growing and grooming horticulture for flower shows Tuesday evening at the home of Mrs. Laverne Delony. Mrs. Lawhorn is a nationally accredited flower show judge.

The meeting will start at 7:15 p.m. with a film on cancer detection to be shown by Mrs. W. C. Wallace representing the Milam County chapter, American Cancer Society.

New officers will be elected during the business meeting.

Mrs. Gene Friemel will be co-hostess and flower arrangements will be by Mrs. Don Humble, Mrs. James Kahler and Mrs. George Kirk.

### CARD OF THANKS

I wish to take this means of thanking all the citizens of Cameron who were so kind and helpful when fire destroyed my home. Your thoughtful words and deeds will always be remembered.

Ella Doris Brown

CHEERING the Buckholts Badgers to their regional title this year have been (left to right) Kathy Wallace, a senior and cheerleader; Janie Brady, freshman; Barbara Smith, junior; Jackie Pack, freshman; and Donna Hause, mascot.

## Shower Honors Miss Anderson

Mrs. C. R. Walker, Mrs. Ozella Morton and Mrs. A. L. Lankford honored Miss Jacqueline Anderson with a shower Dec. 13 in the Walker home.

Miss Anderson is the bride-elect of Eugene Lynn of Marlin.

Guests were received by Mrs. M. Marion, the honoree, and her mother, Mrs. C. E. Anderson.

Punch was served by Mrs. B. Whiteside.

## Delta Kappa Gamma Luncheon Saturday

## Services Saturday For 'Red' Walker

Edward (Red) Walker, 69, died in the Temple Veterans Hospital Jan. 1. Funeral services were held at 1 p.m. Jan. 2 at Marek-Burns Funeral Home with the Rev. J. E. Lafferty officiating. Burial was in Sunny Side Cemetery, Calvert.

Walker was born June 9, 1895, at Hammond, Texas.

Survivors are 1 brother, W. C. Walker of West Lake, La.; 2 sisters, Mrs. Guy G. Self and Mrs. J. A. Lucas of Hearne.

Pallbearers were Roy Yates, Vaughn Thweatt, Raymond Yates, Sherwood Cobb, E. A. Self and Guy Self Jr.

Mrs. Roy Edwin Wohleb, Jr.

## Miss Gassen, Roy Wohleb Wed

Miss Bernadette Marie Gassen and Mr. Roy Edwin Wohleb Jr. were married at 10 a.m. December 26 in St. Mary's Catholic Church, Hearne.

The bride is the daughter of Mr. and Mrs. George Gassen, Franklin, and Mr. Wohleb is the son of Mr. and Mrs. Roy Wohleb Sr. of Cameron.

Red and white poinsettias decorated the altar for the formal ceremony performed by the Rev. Robert A. Fuchs.

Given in marriage by her father, the bride wore a floor length gown of pure white satin fashioned with a molded midriff and long tapered sleeves. Lace overlay on the bodice formed a scalloped neckline which was repeated in the scalloped edging of the lace overlay on the semi-bell shaped skirt. The chapel train fell in soft gathers from the midriff. Her elbow-length mantilla veil was made of lace matching that of the dress. She carried a cascade of white roses and stephanotis.

Miss Dolores Gassen, sister of the bride from Houston, was maid of honor and Miss Evelyn Wohleb, sister of the groom from Cameron, was bridesmaid. They wore street length dresses of Christmas red velvet with matching rose headpieces. They carried bouquets of white poinsettias.

Harold Gassen, brother of the bride, was best man and Clark Wohleb, cousin of the groom, was groomsmen. Ushers were Gerald Gassen, brother of the bride, and Wally Short, Cameron.

A reception at St. Mary's annex followed the ceremony. Miss Ellen Gassen, sister of the bride, registered guests.

Others in the houseparty were Misses Marion Rader, Sharon Thomas, Linda Frier and Pam Belson.

The bride attended Franklin High School and Southwest Texas State Teachers College. Mr. Wohleb attended Yoe High School and Temple Junior College. He is presently in the Medical Corps, United States Army, stationed at Fort Sam Houston, San Antonio.

run the world's best automatic dryer for about one cent

Gas dryers give you a lifetime guarantee on the heating unit (compared to 1 year on most electric models). Gas is faster, heats instantly — no slow warm-up. Gas dried laundry smells sweet, fresh, really clean because fresh air circulates inside. And gas dries five loads for the price of 1 in an electric dryer. The world's best dryer is your best bargain, too . . . now during the gas appliance dealer and Lone Star Gas mid-winter sale!

# New Texas 'Hot Check' Law Explained By County Atty.

The new Texas "hot check" law, which became effective on Aug. 23, 1963, has not been clearly interpreted and understood by all of the law enforcement officers, Court officials, affected businessmen and others who have had occasion to come in contact with it since it became a part of the criminal law in this state, according to John B. Henderson, County Attorney.

This penal statute basically provides for two different grades of violations of the act. For the first conviction of a violation of the law, if the check is for less than \$50.00, the punishment shall be by imprisonment in the County Jail for not exceeding two years, and by a fine not exceeding \$1,000.00. This is the range of punishment on a misdemeanor violation whether the check is for 1 cent or \$49.99, Henderson said.

If the amount of the check is \$50.00 or more, the act provides

for punishment by confinement in the penitentiary for not less than two nor more than ten years.

Since a conviction involving even the smallest check provides for punishment by imprisonment in the County Jail, the Justice Courts have no jurisdiction in these cases and they must be filed through the County Attorney's office, in the County Court. The Justices of the Peace have no authority to accept "hot check" complaints and none of the law enforcement officers have legal authority to accept for collection by legal process or otherwise, hot checks in any amount, he explained.

It has been the practice in the past for some of the law enforcement officers in the County to assist merchants and others in the collection of their hot checks by contacting the persons who have given the checks, etc. This will no longer be the accepted practice in this County and all "hot checks" will be handled through the County Attorney's office by way of written complaints. Cases will be filed in the proper court by the County Attorney where the requirements of the statute are met by the persons wishing to file complaints on "hot checks" received by them.

"The County Attorney wishes to thank the law enforcement officers and court officials of the County for their cooperation in connection with the matters mentioned in this letter and is prepared to serve the public in an efficient manner in connection with "hot check" complaints and cases", Henderson said.

The following procedure is required for all hot checks:

1. The holder of the check must present it to the named bank for payment, even in those instances when it is known that the check will not be honored.
2. The bank upon returning a "hot check" will attach a "bank flag" to the check indicating the reason why the check was not
3. The holder must then give written notice to the maker, informing that the check was not honored by the bank and should set forth the reason why as noted on the "flag." A copy of the written notice should be made by the holder and kept by him.
4. The written notice may be given in three ways, ONLY: (A) By registered mail, (B) By certified mail; or (C) By telegram. NO OTHER TYPE OF NOTICE IS PERMITTED BY THE NEW LAW.
5. If the maker does not pay or cause the check to be honored within ten days after the mailing of the notice, then the check may be presented to the County Attorney's Office for criminal prosecution. The check must be presented in person by an individual who must: (A) Present the check with the "Bank flag;" (B) Have the post office receipt or telegraph company receipt showing notice was mailed or disposition of the notice; (C) Have the name of the person who accepted the check and who can identify the person who passed the same; (D) Have a description of the person who passed the check; (E) Have the payee appear in person at the County Attorney's Office on all second party checks; and (F) Be willing to file a criminal complaint.
6. The County Attorney's Office may not accept checks which are: (A) Post dated; (B) Made solely in payment of a pre-existing debt; (C) Gambling debts; (D) Forger-

### Oriental Glamor—Plus Top Value

For the smart homemaker with an eye to her budget, chicken is a wise buy any time of the year. Dollar for dollar, chicken is the best value of all leading meats. But as every good cook knows, thrifty foods can be exciting and chicken is always a treat. You can prove the point with Crisp Oriental Chicken. It looks like fried chicken and has the same crispness, but it is baked for convenience. The chicken pieces are dipped in evaporated milk, rolled in seasoned corn-flake crumbs, and baked in a shallow pan lined with heavy-duty aluminum foil. Cheers for Crisp Oriental Chicken!

**Crisp Oriental Chicken**

1 broiler-fryer chicken, cut in serving pieces  
1 cup corn flake crumbs  
1 teaspoon Ac'cent  
1 teaspoon salt  
1/2 teaspoon pepper  
1/2 cup evaporated milk  
1/2 cup soy sauce

Combine corn flake crumbs with Ac'cent, salt and pepper. Mix evaporated milk with soy sauce. Line shallow baking pan with aluminum foil. Dip chicken pieces in evaporated milk, then roll immediately in seasoned corn flake crumbs. Place chicken pieces, skin side up, in foil-lined pan; do not crowd. Bake in a moderate oven (350° F.) about one hour, or until tender. No need to cover or turn chicken while cooking. Serve with a mustard sauce, if desired.

YIELD: 4 servings.

## 'Loan Shark' Law Reviewed

By Vern Sanford

AUSTIN — Just one year and four months ago, the state law establishing the office of Regulatory, Loan Commissioner — cited the "Loan Shark Law" — went into effect.

Opening of state office marked the end of more than 36 years of legislative battles over regulatory control of loan companies.

Actually, that part of the law which provides for the licensing of those making loans of \$1,500 or less, once they meet rather rigid licensing standards, didn't become effective until Dec. 23, 1963.

Since that time, some 1,800 loan offices have been licensed. Commissioner Frank Miskell says that 22 examiners have made a thorough check of the books and records of 724 offices.

Also, the agency's enforcement division has investigated 154 complaints by individuals against lenders. According to Miskell, 72 of the complaints involved alleged overcharges or refund shortages.

But most of the investigations revealed that borrowers had not been overcharged. "They just work up to the high cost of borrowing money."

Forty of the complaints involved charges of harassment or unreasonable collection efforts. Investigation of these led to the discovery that some complaints were unjustified. Also, some were beyond the jurisdiction of the Loan Commissioner. These have been referred to district courts.

Other complaints ranged from hip-pocket (unlicensed) lenders to concealment of facts that should have been revealed in license applications. At the close of the agency's first year of operation, all but four of the cases were classified as "settled."

Miskell says that the "big ones" the complaints that will be subject to public hearings and possible revocation of license—will be coming up early in 1965.

**EGG PRODUCERS REMINDED.** Agriculture Commissioner John C. White reminds egg retailers and industry that after Jan. 1 all egg containers must bear the license number of the grader-packer.

Number identifies eggs and fixes responsibility for grading or labeling violations. White said. Also it is aimed at preventing out-of-state firms from shipping eggs into Texas without paying required fees.

Producers who sell eggs from their own flock on an ungraded basis do not have to have a license number.

New provision of the law was passed by the Texas Egg Marketing Advisory Board last summer. License numbers were assigned on Sept. 1 when the annual re-registration period began.

**BOB HOPE TALKS TEXAS.** — A special premiere of a film designed to tell the "true story" of Texas will be held in Austin on January 13, when "Bob Hope Talks Texas" will be shown to Gov. John Connally, members of the Legislature and other State officials.

Film was produced through efforts of the Texas Industrial Commission. It was financed by 14 industries and chambers of commerce. Purpose is to sell persons in other states and other countries on Texas and its business, industry and tourist attractions.

E. B. Germany, chairman said the commission hopes that the film will have some impact on plant location decisions — and that it will "hit at the image that Texas is all cowboys, Indians and sage brush."

**TAX ESTIMATES DUE.** — R. L. Phinney, administrative officer of the Internal Revenue Service, reminds farmers and ranchers that Friday, January 15, 1965, is the final day for filing their estimated Federal income tax returns for 1964. That is unless they have arranged to file their final return on or before Feb. 15.

Phinney said that farmers and ranchers who do file estimated returns on Jan. 15 and pay the tax due on the estimate have until and pay balances of taxes due.

Tax law defines a farmer or rancher as one who earns two-thirds or more of his gross income from farming or ranching.

**INAUGURAL INVITATIONS.** — Some 40,000 Texans have received invitations to the two big state political-social events of the season — the gala Democratic victory dinner on Jan. 25 and the inauguration of Gov. Connally and Lt. Gov. Preston Smith on Jan. 26.

Party leaders hope to set new attendance and financial records at the \$25 a plate dinner.

**REDISTRICTING DELAY?** — High Texas political leaders have not given up on thwarting federal court-ordered legislative redistricting on the basis of population alone.

Connally, Smith and Tunnell all have made known their support of efforts to amend the U.S. Constitution permitting state senators to be selected with consideration given to geography, as well as

## —OLD PHILOSOPHER—

J. A. Has Novel Idea For Bringing Profit Motive To Agriculture

Dear editor:

Since I never did believe in throwing something away till it was worn out — except maybe a few tax laws I could mention — I was looking over my last year's New Year's resolutions and found they are in such good shape, most of them not even used at all, that I just adopted them for this year and settled down to reading a part of a newspaper which some New Year's celebrant had tried to make a pointed hat out of and lost out of his car on a road near this Johnson grass farm.

Up near the peak of the hat I found an article that said Russia is now going to experiment in an effort to get its agricultural production stepped up.

What it's going to do is employ the profit motive, in the hope the Russian farmers will have an incentive to work harder and produce more.

Say, this sounds like a good idea and what I'd like to know is why don't we try it in this country?

Oh, I know we use it in most lines, like meat markets, grocery stores, medical practice, law practice, construction, manufacturing, banking, television, radio, newspapers, public office, but I don't know why nobody has ever thought of trying the profit system in farming and ranching.

Surely we're not going to sit

back and let Russia forge ahead of us in agriculture. When Russia got the jump on the world by putting in the first satellite in orbit, what did we do? We tripled our funds for space exploration and caught up.

Clearly, the thing for Washington to do now is to triple the payments to us farmers and let us get our profits up to the general level. The profit motive is fine in farming and ranching, but it's no substitute for profit itself. The motive is fine for planting, but nothing beats a profit at harvest-time.

By the way, I don't know how I came out with this Johnson grass farm in 1964. I had most of my records written down on the inside of the door to my barn, but it fell off face down during a rain storm and I can't make heads or tails of them.

Yours faithfully,  
J.A.

## 1965 Construction

Texas Power & Light Company will spend \$47,043,000 in 1965 for construction of new facilities, W. W. Lynch, TP&L president reported.

A large part of the expenditure will be for work on three electric generating stations. Two of the units, Trinidad No. 6 between Athens and Corsicana, and Stryker Creek No. 2 in East Texas, with estimated maximum capabilities of 240,000 kilowatts and 500,000 kilowatts, will be completed in 1965 and 1966. Work will begin this year on the Valley No. 2 unit in North Texas. It has an estimated maximum capability of 550,000 kilowatts and will be completed in 1968.

To be constructed also in 1965 are several major transmission lines and new substations which will provide ample electric power for needs of TP&L customers.

Transmission lines will be constructed in Tyler, in the Collin-Denton-Dallas county areas and in the Richardson-Lavon areas. Substations will be built in Irving and Lufkin.

## Milam Motel Announcement

Effective January 1, 1965 Mr.

Bassel Wilson became owner of the Milam Motel properties in Cameron, Texas.

Mrs. Jackett and I take this opportunity to thank all Cameron friends for their excellent patronage and support.

Cameron is indeed fortunate to have such an outstanding personality as Mr. Wilson to take over this operation and we are proud to have him succeed us. We know you will support him to the utmost.

Mr. and Mrs. C. A. Jackett

A Kentucky judge, skeptical of the testimony of a scientific expert, recalled a story he had once heard from a lecturer:

"Take the bumblebee. Apply to him the recognized aerodynamic tests. From the size, shape and weight of his body, in relation to total wing area, he cannot possibly fly. But the bumblebee does not know this, and he goes ahead and flies anyway."

The story sheds light on a new legal roublemaker toe sonic boom. Experts, applying the recognized aerodynamic tests, predicted that the boom could not possible cause extensive damage. But windows, not knowing this, went ahead and broke anyway. As supersonic flights multiplied, so did complaints about cracked plaster and shattered bric-a-brac. Rightly or wrongly the boom was blamed for making a dog neurotic and a man arthritic, for rupturing a swimming pool and splitting a toilet bowl.

All this commotion raised some novel points of law that are still not settled. For example: When is it negligent for a pilot to break the sound barrier? Can you collect insurance for sonic boom damage if your policy protects you against "explosions"?

Luckily for most claimants, the United States Air Force stands ready to pay for the damage it causes — without quibbling about such technicalities. Air Force bases have set up regular procedures for handling claims.

However, the Air Force has no desire — indeed, no right — to pay for damage it does not cause. This is no easy road to government money. Every claim is meticulously investigated by a team of specialists before it is paid.

No doubt the problem will get worse when civilian airlines switch to supersonic jets. As an Air Force claims official put it to a group of insurance men:

"You ain't seen nothin' yet." But for the present, the problem has been kept within reasonable bounds. Pilots are carefully schooled in holding sonic booms to a minimum. And citizens are coming to realize that the booms are caused not by hot-rodgers in the sky but by vital defense training. The message is getting across that the boom is a boom in disguise, that this man-made thunder is not the irksome sound of mischief but the reassuring sound of security.

## Local FFA Enters

## Jr. Livestock Show

FORT WORTH — Cameron FFA has entered 8 borrows in the junior livestock department of the Southwestern Exposition and Fat Stock Show, Jan. 29 thru Feb. 7, 1965.

Entries in the 1965 Stock Show for cattle, horses, sheep and swine are still being counted. Stock Show President Manager W. R. Watt is optimistic over the prospect of topping last year's record number of entries in these four departments. Poultry, pigeon and rabbit exhibitors have until Jan. 15, 1965 to submit entries.

The world's leading acoustical experts made the test.

The U. S. Auto Club certified the results:

at 20 mph ... at 40 mph ... at 60 mph ...

The 1965 Ford  
rides quieter  
than a Rolls-Royce!

...and now  
let's talk about some  
other Ford surprises...

Test-drive a Ford—and you're in for some surprises. Leading acoustical consultants conducted tests in which 1965 Fords (Galaxie 500 Sedan, XL and LTD Hardtops) with 289-cu. in. V-8 engines rode quieter than a Rolls-Royce. These tests were certified by the U. S. Auto Club.

When you feel a 1965 Ford in action—with the strongest Ford body ever ... a revolutionary new frame that "tunes out" vibration ... new ultrasoft coil spring suspension—you're bound to be impressed. But the ride is only one of Ford's surprises ...

■ New swept-back instrument panel adds five inches extra knee room. ■ Transmission tunnel is lower for extra foot room. ■ Trunk has more space than ever—holds four 2-suiters standing upright.

■ Handy new "reversible" ignition key—works either side up.

■ Hot, but hushed, 289-cu. in. V-8 is standard equipment in XL and LTD models. ■ Smooth, thrifty all-new Bix Six in other models—the most powerful standard Six offered by any car in Ford's class. ■ V-8 options to 425 hp.

■ All Ford automatic transmissions have three speeds, not two as in some competing cars. Result: you pass faster, shift smoother, save on gas. ■ Fully synchronized manual transmissions—you can even shift down to first without clashing gears. ■ New Ford LTD 4-door hardtops have 10 courtesy lights, 5 ash trays. Upholstery treated to keep its beauty with Scotchgard® stain repellent. ■ Luxuries you'd expect only in the highest priced cars.

Surprised? You will be ... when you visit your Ford Dealer and test-drive the Quiet One. Do it soon!

**Water boils at 212 degrees F. at ordi-**  
nary atmospheric pressure. But at the  
top of Mt. Everest—the world's highest  
mountain at 29,028 feet—water will boil  
at the much lower temperature of 170  
degrees F.

**Volcanic forces** boil the  
water that erupts so violently  
from the geysers at Yellow-  
stone National Park. Old  
Faithful, the most famous ge-  
yser of all, throws its plume of  
boiling water into the air 120  
to 170 feet every 65 minutes.  
Old Faithful is hardly a match,  
however, for the average  
American family whose peak  
demands for geysers of hot  
water are as erratic as Old  
Faithful's are consistent.

**Wise families** choose their household water  
heaters not because of the amount of hot water  
they can produce on an hourly basis but because  
of their ability to meet peak demands. Oil-pow-  
ered water heaters are better than a backyard  
Old Faithful; they heat water three times faster  
than any other fuel—faster, in fact, than the  
average family can use it up.

## CHECK AND DOUBLE CHECK

Before casting off, a wise skipper  
makes a careful inspection of his  
rig.

He should make sure there is  
ample gas aboard, as well as  
life preservers and emergency  
gear.

Also he should check to be doubly  
certain that steering controls and  
fuel lines are properly connected  
... points often overlooked.

Most thunderstorms generate in  
the daytime.

## CLARKSON NEWS—

By Mrs. W. Schwarz

Mrs. Fred Brooks, wife of the pastor, has had a light stroke but is back home from the hospital improving.

Visitors with Mr. and Mrs. H. Coffman were Mr. and Mrs. C. S. Annis and daughters of Mesquite, Mr. and Mrs. Ray Roberts of Grand Prairie and Mr. and Mrs. Jim Coffman and daughter of Taylor.

Mr. and Mrs. Floyd Cryer and grandson Michael of Baytown, Mr. and Mrs. Doyle Ray Cryer of Houston were visitors with Mrs. Jim Cryer.

Miss Genevieve Mason of Georgetown has been visiting Mr. and Mrs. George Tiggs. Miss Mason is a former school teacher here.

Miss Kim Massey of Rogers and Mrs. Lavenia McDermott of Cameron spent New Years Day with Mr. and Mrs. Ed Fowler.

Mr. and Mrs. W. W. Harmon of San Antonio spent Saturday night with Mr. and Mrs. Ray Green.

Mr. and Mrs. Raymond Greger and children of Unglesie have been visiting her uncle and aunt, Mr. and Mrs. Ed Echols.

Mr. and Mrs. Ed Echols spent Saturday night with Mr. and Mrs. John Paul Echols in Sequin, and were Sunday guests of their parents, Mr. and Mrs. Jackson of Seguin.

Mrs. Dyer and boys of Minerva spent several days with Mr. and Mrs. Wayne Caffey.

Mr. and Mrs. Lenza Caffey spent Sunday afternoon with Mrs. Bertha Massey, a patient in Rosebud hospital, following a car accident where she received a broken leg and arm.

Lewis Modesette and sister Mrs. Mabel Charles, spent Sunday afternoon with Mr. and Mrs. Carroll Modesette and baby. Mrs. Carroll Modesette is back in the hospital with a kidney infection.

Mr. and Mrs. Phil Lindhorst of Pasadena were recent guests of Mr. and Mrs. R. H. Lindhorst.

## OUTDOOR TIPS —

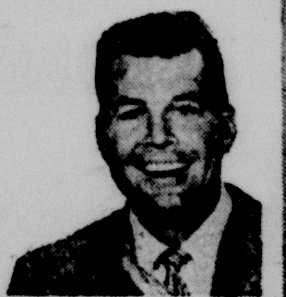

## CARLIGHTS IN CAMP

Trying to erect a tent after dark is an irritating business which the veteran camper avoids like poison ivy. But it happens to the best woodsman once in awhile. If you find yourself in the predicament of setting up camp after nightfall, don't fumble around doing the job by lantern light. Use your car's headlights to illuminate the area.

## FOR BETTER PICTURES

Every boatman's camera should have a medium yellow filter to darken the sky and help enhance clouds and water texture. Filters may be of the screw-on or slip-on type. Adapter rings are available to fit most any camera lens.

## TAKE YOUR PROBLEMS TO CHURCH THIS WEEK

Millions Leave Them There!

LITTLE FEET, BIG FEET  
BOTH NEED GUIDANCE

Careful Mother! Careful Daddy! There is more to child guidance than leading them while they are learning to walk. Their minds need guidance as well as their feet. Yours is a happy responsibility, yet nevertheless, a grave one and you yourselves need constant direction to faithfully and successfully carry through that responsibility.

If you would have a constant and never-failing source of wisdom and guidance rely upon the church of your faith. Attend faithfully and it will not be found wanting. Part of the training you give to keep the child lovely (inside) all through life will be to teach him or her to depend upon the Church for direction and guidance.

Remember always, there is more to life than the training for gain of material wealth and position. Remember always, the Church is the fountainhead of wisdom and refuge in time of trial, both for the trainer (parent) and the trainee (child). Repair to that fountainhead frequently and regularly. Make of it a school — a school that is never "out".

This Church Page presented under auspices of The Cameron Ministerial Association - Is made possible by the courtesy of the following business people in Cameron, Buckholts, Rogers, and Temple.
